Scrapie Information For Producers

(2 April 2002)-Due to recent confusion regarding the Federal Sheep and Goat Identification Rule, the Indiana State Board of Animal Health would like to note that the rule/program has not changed. Please note the following points of clarification in the program:

- Premise ID (Prem ID) is a number generated with the first few letters of a producer's last name. This code is used for BOAH office-use only. Producers should not use this number for any identification purposes. Flock ID is the number that must appear on producers' tags and/or tattoos and records/paperwork (including the certificate of veterinary inspection). BOAH will provide/approve the Flock ID number for each site. In most cases, this number includes the state postal code and county number.
 - The new identification rule is a federal requirement and official identification can not be removed legally.
 - Under Indiana guidelines, recognized identification methods are the same for sheep and goats. Accepted methods include: Federal tags (includes federal-approved custom tags purchased by the owner), tattoos and microchips (where recognized by a registry).
 - Tattoos must be applied legibly to the ear, tail or flank in their entirety, including a unique, individual animal number.
 - Registry tattoos may be used as a Flock ID only with approval of BOAH. Whenever possible BOAH will incorporate the registry number into the Flock ID.
 - "In-and-out" or seasonal flocks, in which **no birthing** takes place, are not required to have a premise identification or flock identification number. The owners may choose to obtain federal tags or have their sheep or goats identified by a veterinarian or extension educator for exhibition/sale. (This exception includes 4-Hers who only have animals for 4-H, then sell them after the season. These individuals' lambs or goats should have a tag or tattoo upon purchase.)
 - Indiana law requires wethers have identification for exhibition. However, they do not have to have the official federal identification unless 18 months of age or older. In-tact males and females must have official federal identification regardless of age.
- *Please see the reverse side for further detail. Questions on the scrapie program may be directed to the BOAH Ruminant Division (toll-free) at 877/747-3038 ext. 315.

Safeguarding Indiana's animals, food supply and citizens for over 100 years.

An equal opportunity employer.

Registered Sheep or Goats: Select one of these identification options:

1. Federal Tag:

Step 1-Call BOAH

Step 2-Obtain a Flock ID number

Step 3-Order tags

Step 4-Apply tags according to Indiana guidelines

2. Microchip: Where recognized by registry.

Step 1-Call BOAH

Step 2-Request approval to use electronic identification for official ID

Step 2-Verify that the electronic identifier sequence is unique with BOAH's database

Step 3-Obtain a Flock ID number*

Step 4-Microchip registered animals only

Step 5-Provide reader device to verify identity at any inspection/sale

3. Tattoo:

Step 1-Call BOAH

Step 2-Request approval to use registry tattoo for official ID

Step 3-Verify registry tattoo number is unique within BOAH's database

Step 4-Obtain Flock ID number*

Step 5-Tattoo legibly all registered animals, with approved number and a unique, individual animal number. (Unregistered members of flock must bear the Flock ID in its entirety with the animal's individual ID.)

Non-Registered Sheep or Goats: Select one of these identification options:

1. Federal Tag:

Step 1-Call BOAH

Step 2-Obtain Flock ID number

Step 3-Order tags

Step 4-Apply tags according to Indiana guidelines

2. Tattoo:

Step 1-Call BOAH

Step 2-Obtain Flock ID number

Step 3-Apply legibly (ear, tail and flank are acceptable) the Flock ID tattoo along with unique, individual animal number.

Wethers:

Wethers intended to be used for exhibition or sale must be identified by any type of tag or tattoo. A **federal** identification tag or tattoo (approved) is required only for wethers older than 18 months of age.

*If the tattoo /electronic ID sequence is short enough, it can be incorporated into the Flock ID number, with BOAH approval. If the sequence has too many characters, or another flock owner has already registered that sequence, another Flock ID will be assigned.
